If you receive, or plan to receive, financial aid disbursements (now called **financial Aid refunds**), you need to know about Higher One.

Whatcom Community College partnered with Higher One to bring a new method for receiving your refunds and managing money to all WCC students - the **Whatcom Choice Card**.

Use your card to select how you want to receive your refund money. Simply view your *choices* and make your selection to let WCC know how you'd like to receive the money they may have for you.

### Why are we making this change?

We've made this change to simplify your life and your finances. Higher One offers more choices for managing your money and receiving Financial Aid refunds!

### What do students need to do?

Make sure we have your [current mailing address](#)! Be sure to update your address with the US Postal Services as well to avoid delays.

Look for the bright green envelope from Higher One! Once it arrives, you'll simply use the card inside to let us know how you'd like to receive your money. Just choose the option that best fits you...and be sure to get started as soon as it arrives! Remember, even if you're not currently expecting a refund, we may have money for you in the future, so don't wait!
