

NOTICE OF PUBLIC MEETING

Whatcom Community College Master Plan

You are invited to attend a meeting being held by Whatcom Community College (WCC) at **the Syre Student Center on June 10, 2014, at 5:30 p.m.** to discuss WCC's proposed Institutional Master Plan (IMP). The IMP will serve as a planning document to help inform WCC decisions involving physical campus development and improvement in the near and far-term. The IMP is intended to integrate with the Cordata Neighborhood plan and, ultimately, be adopted into the City of Bellingham Comprehensive Plan and development codes. See site map on the back of this notice.

We are holding this meeting to tell you about the proposal and to invite your comments and questions. As required by the City of Bellingham, it is being conducted before we apply for land use permits (or plan amendments, as applicable). If you have questions regarding this meeting, please **contact WCC's Sr. Facilities Director Brian Keeley at 360.383.3375.**
